An ISO Certified Company

## About Us

**Joint Gulf Business (JGB) Corp** is an ISO Certified Company, specialized in the supply of Engineered Industrial Products in HVAC, Electro-Mechanical, Oil & Gas, Insulation, Water and other Industrial segments. Through the Head Office in the Kingdom of Bahrain and branch offices in Saudi Arabia, UAE, Qatar, Oman, Kuwait, India, USA and Canada, we provide Engineered Industrial solutions from Internationally reputed manufacturers to the MENA region.

The prime business objective is to provide customers with superior quality products coupled with excellent Customer service & Technical support, adding value to their business. Our product line includes Air Handling Units, Fan Coil Units, Air Curtains, Air Ionization Solutions, Kitchen Ecology units, Chemical Filtration Systems, Odor Control Systems, Humidifiers, Duct Heaters, VAV / CAV, Air outlets, Industrial & Commercial Ventilation Fans, Jet Fans, Explosion proof HVAC equipment, VCD / Fire & Smoke Dampers, Air Venturi Valves, Heat Exchangers, Air Separator / Expansion Tanks, Fume Extraction Systems, Smoke Vents / Skylights, Frequency Converters / UPS, Blast Protection Valves / Dampers, Flexible Ducts, Boilers, Cooling Towers, Solar Power Solutions, Electrical & Instrumentation, Inertial Filters / Bleed fans, HVAC & Industrial Valves, Pipe Supports, Seismic Vibration Isolators, Industrial Insulation & Accessories, Aluminum Jacketing, Water treatment, Analyser shelter, Industrial descalers, etc.

The company has the expertise and ability to supply products for major projects. The engineering and support staff brings you a broad base of scientific and technical knowledge to draw on with years of practical experience in the related products.

***We are committed to quality products, excellent technical support, fast deliveries and reliable after sales service.***

### Vision

*To be internationally renowned customer focused company offering comprehensive solutions and quality products.*

### Mission

*Serve customers by procuring and supplying quality products manufactured by internationally reputed manufacturers.*

### Corporate Values

- ◆ *Customer satisfaction & loyalty Employee dignity*
- ◆ *Organizational & individual growth*
- ◆ *Technical excellence with professional ethics*
- ◆ *Responsibility to society*

### Industries

- ◆ *MEP / HVAC Construction*
- ◆ *Oil & Gas*
- ◆ *Petrochemical*
- ◆ *Chemical*
- ◆ *Pharmaceutical*
- ◆ *Power*
- ◆ *Water*
- ◆ *Food & Beverage*

### Product Range

- ◆ *MEP / HVAC Equipment & Accessories*
- ◆ *Oil & Gas Field Products*
- ◆ *Electrical Products*
- ◆ *Instrumentation Products*
- ◆ *Water & Industrial Equipment*
- ◆ *Industrial Insulation & Accessories*

# PureAir Filtration

*Pure Air Filtration(USA)* specializes in custom design solutions for a wide range of vapour phase air purification and contaminant control applications. Proven Technology is developed and applied by PureAir in order to provide efficeint, cost effective systems.

Kitchen Ecology Unit removes commercial kitchen gases rather than masking the odors or spraying additional chemicals to complicate and harm the environment.

## Product List

- ✓ *KITCHEN ECOLOGY UNIT*
- ✓ *ODOR CONTROL UNIT*
- ✓ *CHEMICAL FILTERS*

*Williams (USA) AIR HANDLERS, FAN COILS & AIR CURTAINS* For nearly a century, Williams has been a leader in providing quality heating, ventilation and air conditioning products that are both energy efficient, cost-effective, and rigorously tested. We are especially proud of our line of fan coils, air handlers and air curtains, which have been featured in numerous building projects. Applications include all kind of commercial and Industrial structures.

## Product List

- ✓ *AIR HANDLING UNITS*
- ✓ *FAN COIL UNITS*
- ✓ *AIR CURTAINS*

*ActiveAir Solutions (AAS) (USA)* Ionization air purification technology Specializes in providing intelligent, energy reducing air purification systems for indoor building environments. The AAS-iClean is the world's first self-cleaning, no maintenance, needlepoint bipolar ionization (BPI) generator. The unit has been designed for indoor / outdoor duct mounting or inside an air handler based on the application requirements. AAS has passed the "UL867 post 2007 Peak Ozone Chamber Test". ActiveAir's smart systems can integrate state of art, custom volatile organic compound(VOC) sensors & cutting edge air ion sensors which

can interface with current Building Management Systems (BMS) to provide full control & measurable performance to substantially improve and purify the air we breathe where we live and work!

## Product List

- ✓ *Ducted Mounted Type Ion Generators*
- ✓ *Air Handler Mounted Type Ion Generators*
- ✓ *Sensors*

**Benefits:** Controls Odors, Kills Mold, Bacteria and Virus, Can Be Used to Reduce Outside Air Per ASHRAE 62.1 IAQP, Controls Static Electricity, Reduces Smoke and No Maintenance.

**Applications:** Residential and Commercial

# CARNES®

**CARNES (USA) INDUSTRIAL & COMMERCIAL VENTILATION:**  
Our complete line of ventilation equipment is engineered and manufactured for the demanding commercial and light industrial market. Optional product listings by Underwriters Laboratories (UL) are available to ensure electrical safety and reliability.

Most of the ventilators bear the Air Movement and Control Association (AMCA) certified ratings seal for sound levels and air performance.

## Product List

- ✓ General Ventilation Systems
- ✓ Industrial Ventilation Systems
- ✓ Kitchen Ventilation Systems

# CAPTIVEAIRE

**CaptiveAire® (USA)** is leading manufacturer of commercial kitchen ventilation systems. As the industry's innovator, CaptiveAire® sets the standard for commercial kitchen ventilation equipment and service, and offers the most competitive pricing. CaptiveAire® is also known for the fastest and most reliable lead times in the industry.

CaptiveAire's integrated kitchen ventilation packages include hoods, exhaust fans, electrical controls, direct-fired heaters, grease duct systems, fire suppression systems, grease filters and utility distribution systems.

## Product List

- ✓ VENTILATION FANS
- ✓ KITCHEN HOOD SUPPRESSION SYSTEM

## CAR PARK, TUNNEL & SMOKE FANS

We can offer you right products for wide range of applications including Smoke Extract, Car Park Extract and Tunnel Ventilation. We have a range of axial flow fans and jet fans specifically designed for tunnel and metro applications. Their features include high efficiency, low noise, durability, high reliability and low maintenance.

## Product List

- ✓ Ventilation systems for car parks and Tunnel
- ✓ Axial Smoke Fans

THE NEW YORK  
BLOWER COMPANY

**The New York Blower Company (NYB)** (USA) Industrial Fans and Blowers designs and builds fans and blowers to move air in all types of commercial and industrial applications. Today, NYB has one of the most complete portfolios in the world, consisting of literally thousands of different types, models and sizes of air-movement equipment.

NYB product lines are conveniently organized in major product groupings to assist you in identifying the best fan for your system.

### Product List

- ✓ *Inline Fans*
- ✓ *Centrifugal Fans*
- ✓ *Fiberglass Reinforced Plastic Fans*
- ✓ *Plenums and Double Width Fans*
- ✓ *Process Heat or Plug Fans*
- ✓ *Packaged Fans*
- ✓ *Custom Fans*
- ✓ *Silencers / Flex Connectors*

**ANEMOSTAT** (USA) Air Distribution Products provide complete range of VAV / CAV, Diffusers, Registers, Security Grilles, Critical Environmental Products for Operation rooms etc. For those special needs, we also provide products customized to fit all needs. Products are available in Steel, Aluminum, Extruded Aluminum and Stainless Steel.

### Product List

- ✓ *Variable Air Volume (VAV) & Constant Air Volume (CAV) UNITS*
- ✓ *AIR OUTLETS*
- ✓ *SECURITY GRILLES*
- ✓ *CRITICAL ENVIRONMENTAL PRODUCTS (OPERATION ROOMS)*

**HEATREX** (USA) Manufacturer of Electric Heat Products Specialists in the science and manufacture of electric heat products, Heatrex serves an array of national and international customers. A team approach and commitment to Total Quality, combined with encouraged customer interaction, fosters a unique and effective environment for concept development, prototype design and testing, and manufacture of top-quality products.

### Product List

- ✓ *HVAC Electric Duct Heaters*
- ✓ *Process Duct Heaters*

*DriSteem (USA)* is a premier provider of humidification, evaporative cooling, and water treatment solutions for commercial and industrial applications. DriSteem offers custom systems for critical indoor environments such as health care, data centers, and other facilities requiring precise control of moisture and cooling in the air.

DriSteem's 50-year history of development and innovation has resulted in multiple patented designs that not only meet, but anticipate, customers' unique needs

**Product List**

- ✓ *Electric Resistive-Element Steam Humidifiers*
- ✓ *Self-Contained- Electro type Steam Humidifiers*
- ✓ *Non- Pressurized and Pressurized Steam Dispersion*
- ✓ *Steam Injection type Humidifiers for AHU's*

*Custom Controls Company (USA)* has been providing Hazardous Location and Explosion Proof HVAC equipment for industry since the 1960's having production facility in Houston, TX.

CCC offers a full complement of customized and Third Party Listed HVAC solutions for both the U.S. National Electric Code (NEC) market and International (IEC standards) market. Our NEC Division One, Division Two and IEC Zone 2 HVAC (ATEX) product lines include:

**Product List**

- ✓ *Wall Mount Air Conditioners*
- ✓ *Window Units (Through-the-Wall Air Conditioners)*
- ✓ *Building Pressurization Units*
- ✓ *Hazardous Duty and Explosion Proof Exhaust Fans*
- ✓ *Purge Blowers*
- ✓ *Packaged Air Conditioners - for Pad or Roof Mounting*
- ✓ *Explosion Proof Heaters*
- ✓ *Refrigeration Units*
- ✓ *Dehumidifiers*
- ✓ *Split Systems*
- ✓ *Explosion Proof Fans*

Since 1985 *Triatek (USA)* has been on the forefront of designing and manufacturing innovative airflow solutions for critical environments. Headquartered near Atlanta, Georgia, Triatek provides end-to-end solutions for healthcare facilities, laboratories, and municipal facilities around the world.

Our product line includes Venturi air valves, room pressure controllers, fume hood controllers, remote monitors, sensors, actuators, and more all designed to seamlessly integrate into a facility's building automation system.

**Product List**

- ✓ *Venturi Valve*
- ✓ *Fume Hood Controllers*
- ✓ *Room Pressure Controller*

# aico

**Advanced Industrial Components (AIC) Inc. (CANADA)** has been manufacturing heat exchangers and heat transfer equipment since 1988. AIC provides heat exchangers to the HVAC, hydronic, power generation, district energy, oil & gas, refrigeration, cryogenic, food & beverage, pharmaceutical, marine, and many other industries. AIC offers a wide variety of heat exchangers from standard plate & Frame, brazed plate, and shell & tube units to high temperature, high pressure, chemically resistant, and custom units.

## Standard AIC Heat Exchanger Product

- ✓ *A-Line plate & frame heat exchangers*
- ✓ *B-Line shell & tube heat exchangers*
- ✓ *E-Line condensing economizers*
- ✓ *JAD shell & coil heat exchangers*
- ✓ *L-Line brazed plate heat exchangers*
- ✓ *M-Line shell & tube heat exchangers*
- ✓ *P-Line shell & tube heat exchangers*
- ✓ *PS/PW-Line shell & U-tube heat exchangers*
- ✓ *REX Tank instantaneous indirect water heaters*
- ✓ *TW-Line shell & tube heat exchangers*

# FuCare

**FuCare** is the safety company specializing in developing safety product solutions with focus on blast protection systems. With its tremendous investment in technological revolutions through latest research technologies and continuous innovations, FuCare has featured its products offering ranges with high safety performance, high functional performance and competitive pricing. FUCARE's products have been serving the global customers including ExxonMobil, BP, Qatar Petroleum, KOC, BASF, Petronas, etc.

## Product List

- ✓ *Blast Valves*
- ✓ *Blast Dampers*
- ✓ *Air tight dampers*

# SKYCO

SKYLIGHTS

**SKYCO (USA)** Skylights and Smoke Vents understands the demanding energy performance requirements found in the latest Energy Codes and offers a wide range of high-performance products to insure that the code requirements are met, or in most cases exceeded, all achieved with a superior level of quality.

Your expectations for top quality skylight products is the driving force behind everything we do, and our products clearly demonstrate that commitment to our customers.

## Product List

- ✓ *Commercial Industrial Skylights*
- ✓ *Residential Skylights*
- ✓ *Custom Structural Skylights*
- ✓ *Heat and Smoke Vents*
- ✓ *Canopy Structures*
- ✓ *SkyGlaze Translucent Systems*
- ✓ *Roof Hatches and Accessories*
- ✓ *Safety Security Products*
- ✓ *BIPV Systems Photovoltaics*
- ✓ *Tubular Skylights*

**Van Dam BV (NETHERLANDS)**

established in 1906, is a global leading engineer and manufacturer of fire and blast protective products , doors, wall-systems and windows and solutions to protect personnel and critical equipment.

Van Dam main markets are: Oil & Gas Offshore and onshore facilities, LNG terminals, wind energy, infra and defense.

**Product List**

- ✓ *Fire & Blast Rated Doors*
- ✓ *Fire & Blast Rated Walls*
- ✓ *Fire & Blast Rated Windows*

**THYCON**

**THYCON** is an Australian engineering company with extensive experience in developing and manufacturing power conversion systems. Our success is due to the simplicity of our designs, the ruggedness of our products, and their extraordinarily long service life - frequently 20-30 years. Today, power losses from Thycon converters are half those generated by conventional, cutting edge conversion technology. Our advanced products are entirely Australian designed and developed on the basis of detailed conversion know-how gained from industry experience since 1968.

**Product List**

- ✓ *Static Frequency Converters*
- ✓ *Uninterrupted Power Supply*

**MESAN**

**MESAN** is engaged in designing and manufacturing cooling towers for the industrial, refrigeration and HVAC markets. We provide optimum cooling to every application. MESAN products are designed to meet the thermal performance, energy saving, environmental friendliness with best performing, proven and innovative solutions.

**Product List**

- ✓ *Cooling Tower*

# LAWLER

MANUFACTURING CO., INC.

Lawler Manufacturing Company, Inc., (USA) established in 1988, manufactures one of the deepest and most time-tested thermostatic mixing valve lines in North America. The company's sole focus is the safe and comfortable blending of hot and cold water to meet the needs of the industrial plumbing industry and its customers.

Valves are available in a variety of finishes, piping configurations and cabinet designs to meet your requirements.

## Product List

- ✓ *Thermostatic Mixing Valves*
- ✓ *Emergency Valves*
- ✓ *Shower Valves*

## INERTIAL FILTERS & BLEED FANS

**INERTIAL SEPARATORS** This special type of self cleaning filter is normally used to separate highly concentrated dust particles from the atmosphere. It is mainly used as pre filter in desert areas on gas turbines, centrifugal compressors, big engines, air conditioning and ventilation systems etc. Usually the inertial cells are manufactured in COR-TEN steel, for critical applications AISI304 or SS316 is available.

## Product List

- ✓ *Inertial Separators (Filters) & Bleed fans*
- ✓ *Cyclone Filters*
- ✓ *Bag and Rigid Pockets Filters*
- ✓ *Nuclear Decommissioning Filters*
- ✓ *Rotary Screen Viscous Filters*
- ✓ *Electrostatic Filters*

**SEAT VENTILATION (FRANCE)** with nearly 50 years of experience in the field of laboratory fume extraction systems, SEAT VENTILATION, has become one of the few leading manufacturers of polypropylene fans in the world.

Our products are corrosion-resistant polypropylene fans and blowers, but also airflow monitors and controls for laboratory fume cupboards.

Our areas of application are: *laboratories, chemical industry, electronics, hospitals...*

## PLYMOVENT®

clean air at work

PLYMOVENT (USA & NETHERLANDS) is a major global player that supplies products, systems and services for air extraction and filtration. Plymovent provide solutions for indoor air pollution caused, for instance, by welding fumes, vehicle emissions and tobacco smoke ensuring clean air in your workplace. Clean air is something that we most of us take for granted .

However, everywhere where people work, visible and invisible air pollutants, such as welding fumes, oil mist, tobacco smoke, vehicle emissions, dust and viruses are a hazard to people's health. Plymovent is committed to ensuring a clean and healthy working environment for its customers.

### Product List

- ✓ Emergency Vehicle Exhaust System
- ✓ Fire Stations
- ✓ Welding Fumes

## Fulton®

FULTON (USA) is a global manufacturer specialized in custom engineered industrial and commercial heating systems featuring steam boilers, hot water and hydronic boilers, thermal fluid (hot oil) heaters, temperature control units and a full range of ancillary equipment.

### Product List

- ✓ Steam Boilers
- ✓ Commercial Heating Products
- ✓ Thermal Fluid Products
- ✓ Ancillary Equipments
- ✓ Engineered System

## ipecc

ODOUR CONTROL TECHNOLOGY

### Odour control technics based on

- ✓ Passive units: suitable for small manholes, air valves
- ✓ Activated carbon system with many options: dual fans, automated regeneration, water regenerable carbon (no chemicals), prefilter,...
- ✓ Chemical scrubbers: compact system for high flows and high H2S-concentrations
- ✓ Biotrickling filter: biological treatment of the air, no chemicals required, reduces high H2S loads

IPEC NV is a Belgian private-owned company, part of the Trevi-group. We design and manufacture odour control units and gas purifications units for a very wide variety of applications such as pumping stations, waste water treatment plants, oil&gas, agriculture, food industry and many more. We are strongly represented in Middle East with a production facility in Abu Dhabi and a well-trained service team. We have over more than 500 references in the region: from small passive units with activated carbon technology upto chemical scrubbers with a flow of 300 000 m<sup>3</sup>/h. It is our goal to serve the client with the best available techniques and developed therefor different new techniques such as biological air treatment to obtain odour treatment without the use of chemicals or water regenerable carbon that can be regenerated by water (no chemicals required)

**SUPAFLEX** Flexible ducts are designed for use in Industrial, commercial and residential building applications where improved air quality is required. Supaflex flexible ducts provides economical means for handling misalignment between system components and ducting around obstacles where fabricated and fitted ducts are difficult and costly to install.

Supaflex is extremely durable, fully flexible, compressible and will maintain dimensional stability and insulation values when fully extended.

### Product List

- ✓ *Insulated Flexible duct*
- ✓ *Uninsulated Flexible duct*

**DOW /FILMTEC™** Water Filtration Membranes Brackish Water RO Elements provide consistently high performance and enhanced element life when treating difficult industrial water, enabling lower energy usage and reduced costs.

Compared to other filtration technologies that rely on a screen or filter to remove particles, Reverse Osmosis (RO) and Nano filtration (NF) are pressure-driven separation processes that employs a semi-permeable membrane and the principles of cross-flow filtration.

### Product List

- ✓ *High-Solids Filtration*
- ✓ *Ultra Filtration*
- ✓ *Reverse Osmosis & Nanofiltration*
- ✓ *Ion Exchange Resins*
- ✓ *Electrodeionization*

**Western Valve, Inc.(USA)** takes great pride in its ability to produce the industries highest quality valve. We continue to upgrade and improve our facilities with state of the art manufacturing equipment. This allows us to continue providing our customers with the best valves on the market, while still providing competitive prices and delivery times.

### Product List

- ✓ *Double Block & Bleed*
- ✓ *Double Isolation & Bleed Valve*
- ✓ *Pipeline Manifolds & Terminals*
- ✓ *Commercial Aviation & Military Fueling*
- ✓ *Propane, Butane, and LPG Valves*

# Bifold®

Bifold(UK) are leaders in the design and manufacture of hydraulic and pneumatic stainless steel directional control valves and accessories for hazardous, corrosive and subsea environments. Enhanced by a lean and integrated manufacturing policy, alongside a unique business model, Bifold Group has provided peace of mind to contractors, installers and end users for over a century. Their innovative range of high-tech valve and pump products

## Product List

- ✓ *Manifold systems*
- ✓ *Quick Exhaust Valves*
- ✓ *Check Valves & Needle Valves*
- ✓ *Solenoid Valves*
- ✓ *Chemical Injection Pumps*

and accessories for the upstream and downstream oil and gas industries, specifically designed and developed with the customer in mind, have gained worldwide approval and credibility for the onerous conditions as found in hazardous (classified) locations, hostile and subsea environments.

# ABO valve

ABO valves (Czech Republic) is currently one of the largest European manufacturers of shut-off and control valves for industrial applications. We produce butterfly valves for general and industrial applications including double and triple offset, knife gate and safety valves for the most demanding conditions.

## Product List

- ✓ *Concentric Butterfly Valves*
- ✓ *High Perf. Butterfly Valves*
- ✓ *Check Valves*
- ✓ *Knife Gate Valves*
- ✓ *Ball Valves*
- ✓ *Ball Check Valves*

# Starline

Starline Enterprises is one of the renowned Manufacturers, Exporters and Suppliers offering a wide range of Split Clamps and Vibration Control Products. The quality products offered by us comprises Mild Steel U Bolt, Riser Clamp, Sprinkler Clamp, U Strap Clamp, Adjustable Clevis Hanger, Rubber Support Insert, Anti Vibration Spring Hangers, Anti Vibration Spring Mounts, Anti Vibration Rubber Pads, etc. Besides, all the products are tested for their compliance with the international standards that ultimately bring in repeated orders for the company.

## Product List

- ✓ *Pipe Support Hardware*
- ✓ *Vibration Control Products*

# AZUD

**AZUD (SPAIN)** group is among the world leaders in filtration, giving solutions to optimization of the quality of water in industrial, agricultural and urban applications. Sistema Azud is an international brand with strategy based on culture of water and present in more than 70 countries of the five continents.

## Areas of Expertise:

- ✓ **Irrigation & Landscape** : Micro-sprinklers, irrigation filters, heap leach mining systems
- ✓ **Industrial Filtration** : Automatic screen filters, disc filters, cooling tower filters, recirculation water filters
- ✓ **Water Treatment** : UV water treatment, waste water treatment

# THYSON TECHNOLOGY

**THYSON Technology (UK)** is a specialist analytical instrumentation engineering business providing complex analyser systems for process industries, covering the energy and utilities, oil and gas, petrochemical, steel, and pharmaceutical sectors. The company is based in Cheshire, UK.

Thyson Technology offers a comprehensive range of engineering services for process industries ranging from design, build and

commissioning of bespoke high value analyser systems through to independent project management, contracting and specialist manpower resourcing and electrical maintenance services for water and waste treatment facilities.

# elecref

**Elecref** is a leading manufacturer of cable lugs, cable glands, earthing and lightning protection accessories based in Houston, USA. Founded by first generation entrepreneurs, the corporate leadership of the company is young and poised to lead the company to greater heights. Elecref is backed by technocrats with in-depth knowledge and years of experience in the electrical industry.

## Product List

- ✓ **Cable Lugs**
- ✓ **Cable Glands**
- ✓ **Earthing & Lightning**

SUMMIT (USA) is a recognized industry leader in chemical descaling and synthetic lubricant technology, serving commercial customers around the world for more than 25 years. This is a water-based solvent enhanced with wetting agents, corrosion inhibitors and degreasing compounds. It is designed to penetrate and remove encrusted lime scale, rust, dirt and corrosion by-products from water-wetted internal surfaces of commercial and industrial processing equipment.

**Applications**

Refinery descaling application such as Heat Exchangers, All type crackers, Converters, Air & Gas Compressors, Pumps, Piping

Paper mill descaling applications such as Liquid-Ring Vacuum Pumps & Filters, Calendar Rolls, Mill Rolls, Liquor Tanks, Pulverizers

**Product List**

- ✓ DESCALERS
- ✓ DEGREASERS

**INDUSTRIAL INSULATION AND ACCESSORIES**

We supply wide range of Industrial Insulation Products and related Accessories from reputed manufacturers to Oil & Gas, HVAC & other Industries.

**Product List**

- ✓ Calcium Silicate
- ✓ Perlite Insulation
- ✓ Phenolic Insulation
- ✓ Polyurethane Insulation
- ✓ Rockwool Insulation
- ✓ Ceramic Fiber
- ✓ Cellular Glass
- ✓ Rubber Insulation
- ✓ Insulation Adhesive
- ✓ Sealants
- ✓ Aluminum Jacketing with Polysurlyn / Polykraft moisture barrier
- ✓ Stainless Steel Jacketing
- ✓ Aluminum and SS corrugated Jacketing
- ✓ Stainless Steel insulation accessories
